### **Data Protection Act 1998: How we use pupil information**

We collect and hold personal information relating to our pupils and may also receive information about them from their previous school, local authority and/or the Department for Education (DfE). We use this personal data to:

- support our pupils' learning

- provide appropriate pastoral care; and
- assess the quality of our services

This information will include their contact details, national curriculum assessment results, attendance information, any exclusion information, where they go after they leave us and personal characteristics such as their ethnic group, any special educational needs they may have as well as relevant medical information. For pupils enrolling for post 14 qualifications, the Learning Records Service will give us the unique learner number (ULN) and may also give us details about your learning or qualifications.

Once our pupils reach the age of 13, the law requires us to pass on certain information to Portsmouth City Council who have responsibilities in relation to the education or training of 13-19 year olds. We may also share certain personal data relating to children aged 16 and over with post-16 education and training providers in order to secure appropriate services for them. A parent/guardian can request that **only** their child's name, address and date of birth be passed to Portsmouth City Council by informing Ms Donna Johnson. This right is transferred to the child once he/she reaches the age 16.

In addition, once our pupils reach the age of 13, the law requires us to pass on certain information about them to Portsmouth City Council who have responsibilities in relation to the education or training of 13-19 year olds. We provide them with these pupils' names and addresses, dates of birth, name(s)/address(es) of their parent(s)/guardian(s) and any other information relevant to their role. DfE may also share pupil level personal data that we supply to them, with third parties. This will only take place where legislation allows it to do so and it is in compliance with the Data Protection Act 1998.
