

HEADTEACHER'S BLOG

"With Theresa May triggering Article 50 on Wednesday and the Scottish Parliament voting for a second referendum on independence, separation has been in the air. Here at King Richard School we have been thinking about unity, not division.

Two more groups of Year 7s visited primary schools as part of our Speaking for Success initiative. Their incredible teamwork enabled the Year 5 and 6 students at Portsdown and St Pauls to get a good understanding about the demands of secondary school and help them be prepared for transition this September or next."
