

GCSE Examinations - Week commencing 11th June

Final week of exams!! Well done for your efforts so far.

Remember these key points:

Make sure you bring water to the exam and use the toilet before. Some of your exams are very long and you need to concentrate for all of this time. Have a decent breakfast! If you are not in examinations, the timetable will run as normal and you will need to register each morning at 8:45. Morning revision sessions begin from 8:00am – being in early and revising is a winning behaviour – we know that from previous exam years. It is those actions and extra efforts that give you the very best opportunity to achieve and succeed, so plan your time and get in early – be ready. No excuses.

If you want to contact the help desk for some last minute questions or advice, please contact the subject teachers who will be available between 3pm and 9pm the night before each exam. Remember, no question is too small and your teachers want to help! Any non-subject questions or exam queries, I am on the email every day – mgill@kingrichardschool.net

Good luck for the last week.

Mr. Gill
